

Definitions:

Employee

- An individual who is currently employed at the workplace, and gets paid for his or her work. This individual can either work on an hourly wage, or work full-time.

MarriedFemale

- An employee who is a spouse, and has had her last name legally changed.

Hourly

- An employee who is working on an hourly wage.

PartTime

- An employee who works on a fixed hourly wage, and on a fixed schedule, which is determined before each week.

Schedule

- A record that documents the hours assigned to the part time employees at the workplace. This record also documents the work activity of the part time employees.

WorkDay

- A daily record that holds the hours that the employee spent on shift that day.

Consultant

- An employee, hired from an external firm, who works on an hourly wage. A consultant has no fixed schedule, and makes money based on the hours he or she works that week.

EmployedConsultant

- An employee hired from an external consulting firm.

ConsultingFirm

- The agency that the consultant works for. The agency may hire multiple different consultants, and a consultant can work for multiple agencies as well.

FullTimeWorkers

- A full time worker is a salaried employee that has a fixed annual wage independent from their hours worked.

Benefits

- An optional plan, available to a full-time employee, which can compensate the employee for physical ailments, visits to doctors, and / or death.

MedicalInsurance

- An optional insurance that helps the full-time employee by co-paying fees charged from visits to the Emergency Room and regular doctors visits.

DisabilityBenefits

- An optional insurance policy, available to any full-time employee, that pays the employee in the case that he or she is unable to work anymore due to physical ailments.

LifeInsurance

- An optional insurance policy, available to any full-time employee, that pays the individual in the case of death.
